Example next steps

3 upcoming meetings

HBI: confirm the time and attendees.

Practice: prepare for the discussion.

15 people discussed an introduction or meeting

No meeting is scheduled for them yet.

HBI: ask whether they would like to meet.

Agree a time if they do.

25 of the 100 people contacted discussed an introduction or meeting (25%).

10 of those 25 people scheduled a meeting (40%).

People are counted once, even after repeat messages. Two people at one organization count as two people.

Discussion means a substantive two-way human exchange about an introduction or meeting. Automatic replies and declines do not count.

Example only: one meeting per person; no cancellations. Moving a meeting to another date does not add a meeting.
